## FULL STACK DEVELOPER

- MERN stack (MongoDB, Express.js, React, Node.js) with a strong background in building scalable web applications
- Demonstrated ability to manage and deliver projects efficiently, from initial planning and design to final deployment and maintenance.
- Committed to staying updated with the latest industry trends and technologies, continuously enhancing skills to provide innovative solutions

## SKILLS

**Programming:** Java, Python, JavaScript, HTML/CSS, SQL, Node.js, React.js, C++, C, Swift (iOS)

**Tools:** Android Studio, IntelliJ, PyCharm, Eclipse, AWS, Git, Bootstrap, Spring Boot, Agile

## PROJECTS EXPERIENCE

### AI-Powered Content Rewriter

July 2024 – Current

- Built an AI-powered content rewriter web application that transforms AI-generated text into human-like content, bypassing detection tools such as GPTZero and Turnitin. Developed the user interface with React, focusing on intuitive design and seamless user experience.
- Integrated the Rewritify API to rewrite content and ensure compliance with AI detection tools.

### Real-Time Collaborative Code Editor

May 2024 – June 2024

- Developed a real-time collaborative code editor that allows multiple users to write and edit code together with instant updates, similar to Google Docs.
- Created a highly responsive front-end with React, supporting real-time code collaboration between users.

### Cross-Platform Fitness App with AI-Based Coaching

February 2024 – April 2024

Developed a cross-platform mobile app that offers AI-based fitness coaching by analyzing user movements via the phone's camera and providing real-time feedback on exercise form.

## EDUCATION & CERTIFICATIONS

### Bachelor of Technology in Computer Science

XYZ University, 2020 – 2024

**President, Coding Club:** Led a team of 30 students in organizing hackathons, coding

**Impact Evaluation Methods Short Course**

## EXTRACURRICULAR ACTIVITIES

**President, Coding Club:** Led a team of 30 students in organizing hackathons, coding

**Vice President, Tech Society:** Collaborated with industry experts to host seminars on cutting-edge topics like blockchain, machine learning, and cybersecurity.
